Student Deep-Dives

HIGH - Yousef Al-Harbi

Campus: C04 | Risk Score: 69.2 | Level: HIGH

Component	Score
Attendance Rate	0.35714285714285715
Avg Practice Questions	3.0714285714285716
Trend Direction	improving
Days Since Last Note	30.0

Facilitator Summary: Schedule an urgent check-in with S145 this week to address critically low attendance (36%) and zero quiz performance despite showing improvement trend. Focus on identifying barriers to attendance and re-engagement with remedial content, as the 75-point gap indicates need for intensive support.

Recommended Action: Schedule check-in this week

MEDIUM - Ahmad Al-Faraj

Risk Score Formula

Risk score (0-100) is computed as a weighted sum of four components:

Component	Weight
Attendance Rate	30%
Avg Practice Questions	25%
Trend Direction	15%
Days Since Last Note	10%

Risk Level Thresholds

CRITICAL: score ≥ 75

HIGH: $50 \leq \text{score} < 75$

MEDIUM: $25 \leq \text{score} < 50$

LOW: score < 25
